

**Citizens from  
Grand Falls LSD**

**Local Governance Reform**

**Regrouping the Grand Falls LSD with  
The new municipality of the greater Grand Falls region**

Dear minister,

We welcome your government's decision to achieve an important local governance reform. We recognize this step is due.

Our LSD is located at the limits of the town of Grand Falls. We belong to the community of the greater region of Grand Falls and actively participate in its development and community life.

As our LSD does not have an advisory committee, we have not been able to participate actively in the consultation process of the reform. We have learned that the reform joins our LSD *with other non-incorporated communities* in the North West Rural district.

We have much more common interests with the greater Grand Falls region than with other communities mainly located nearer Edmundston. Furthermore, we are aware *that* the neighboring regions of Saint-André and Drummond, and the Drummond LSD are also considering joining this new regional municipality. We wish to respectfully submit the following :

**That the Grand Falls Local Service District be regrouped with the new municipality of the greater Grand Falls area and continue to *contribute to its* vitality and development.**

We thank you for your attention to our request.
